We recognize that our work in Manitoba spans six different treaty territories and that we work at the crossroads of the Anishinaabeg, Cree, Dakota, Dene, Ojibway and Ojibwe peoples and in the homeland of the Métis Nation. We acknowledge and thank the diverse Indigenous peoples whose footsteps have marked this land for centuries. We are grateful to walk on these territorial lands while reflecting on the mistakes and harms of the past as well as our future steps forward in reconciliation.

**2022-02-14 1430hrs: DLT Update:**

- DLT members called Personal s.37 at 8:40 hrs. The call was made to s.37 while DLT members were at the blockade. A voice message was left asking her to contact the DLT team after their 9:00 hrs meeting. s.37 did not return a call to DLT's.
- DLT members remained at the blockade and were approached by an older male and female from Emerson. He offered to bring his bulldozer to the barricade to clear the site. The male does not support the barricade and he believes the tractor owners would be from surrounding communities, Altona and Steinbach. The male said, lets clear this out from East to West. The male was not angry, merely voicing their opinion. DLT members identified themselves as RCMP members and the male explained how the tractors have heaters attached to them, which would make them easy to start. The chunks of ice attached to exhaust do not impact the starting of the tractors.
- At 9:02 hrs, DLT noted license plates that are easily viewed from the north side of the barricade. Information has been forwarded to CIPS analyst.
- At 9:20 hrs, DLT members spoke to Sgt. Bear to advise of announcement from PM's office. This information is assessed as part of DLT duties which may impact movements by the protesters.

- Staff Robak received information from CROPS and at 14:00hrs will be attending the barricade site and will be providing the Manitoba New release concerning the Manitoba Premier's comments towards the Emergencies Act being applied in Manitoba.

The lawyer (s.37) has advised DLT that she is considering ending her representing protesters citing some differing opinions and positions from some of the leaders of the protest. DLT/site commander and DANCO will continue to identify "decision makers" within the group. This may be an effort to stall/delay police operations

2022-02-14 1734hrs: Ongoing research uncovered a spreadsheet of all financial donors to the trucking convoy that was hacked. Spreadsheet contains names, postal codes, amounts donated, email addresses and so forth. Could be useful to identify Manitoba donors. Current work underway by the CIPS analyst to match postal codes to communities.

- 2 protesters have newborns at home and believed in being at the protest.
- DLT patrolled the area and they observed a parked grain truck blocking an entrance at the information booth is being attended to, jumper cables attached to start up the grain truck. The grain truck has been parked there for approximately 4 days.

- CBC media have been observed at the barricade and have spoken with the protesters. Media is aware that tomorrow an important event will be taking place at the blockade.
- DLT's spoke with **Perso.** last name unknown, approx. 25 yrs old, who was blocking the SB lane, but moving his vehicle to let the livestock trailers through.
- **Perso.** was polite and cordial with the DLT's but did not discuss the activities for this afternoon or tomorrow.
- DLT's spoke with S/Sgt. Robak and Sgt. Vrooman and the information was past on. There were no further updates.
- The protesters at the roadblock are cleaning up the scene, starting vehicles in preparation of leaving.

**2022-02-15 1422hrs:** DCAS Intelligence Update:

- Corroboration from Social Media of ending the blockade:
 - “Emerson is over.” Post outlining everyone leaves at noon tomorrow (Feb 16), with a full police escort (3 deep if they chose), they want to leave Canadian flags up on posts high enough to be difficult to remove. Warning of “don’t do anything stupid today or tomorrow”.
 - Another post explains that there was a divide in votes, older protesters wanted to leave, younger protesters wanted to stay put. The writer acknowledges the bravery it takes to make the decisions.
 - Another post invites others to join their convoy exit. They explain “I was told by RCMP that there will be NO tickets handed out.”
 - We can expect a larger contingency for the convoy rollout tomorrow.
- There is a truck convoy travelling from Alberta to Ottawa, see link for details:
 - <https://www.facebook.com/groups/732666708138645/posts/744334750305174/>
 - Looks like there is some interest in Manitoba, but not a lot of chatter.
 - Schedule indicates they arrive in Winnipeg on February 16th at 18:00 hrs at the Flying J (4100 Portage Ave) and departing at 21:00 hrs (likely heading to Kenora, ON for the night).
 - This may be the same Convoy from Fort McMurray to Ottawa from 2022-02-15 to 2022-02-18 reported by Project HENDON today.
- Church of God.net collecting funds for “Support the Cause”. There are churches all over the world but for us, specifically. Lethbridge, Steinbach, Aylmer.
 - The funds may be collected by the Aylmer, Ontario location; the donation page includes an email referencing the Aylmer (ON) branch for receipt requests. It’s unknown at this time if the funds are being redirected to each protest location. TIU is looking further into this.
 - The invocation of the Emergencies Act will require crowdfunding platforms and payment service providers to register with FINTRAC.
 - It is unknown if the Church of God will register, they appear to be quite vague in the purpose of collected funds. Word usage such as “support the cause” without naming the cause, and “restoration” could refer to several objectives for the church.
- **Personal Info.** [REDACTED] appears to be Male #1 in photo. His vehicles have been consistently present at the blockade. Has no criminal history, does have a firearms license. Possibly part of the organizing members.
 - **Personal Info.** [REDACTED]
 - [REDACTED]

2022-02-15 1435hrs: Media Relations Update:

- Statement from Chief Superintendent Rob Hill, Officer in Charge of Criminal Operations for the Manitoba RCMP
 - Since the beginning of the blockade of Highway 75 at Provincial Road 243, Manitoba RCMP officers have worked to peacefully resolve the situation. We are now confident that a resolution has been reached and that demonstrators will soon be leaving the area and that full access to the Emerson Port of Entry will be restored. The Manitoba RCMP is coordinating the departure of the remaining demonstrators and expects that this will be completed by Wednesday, February 16, 2022.

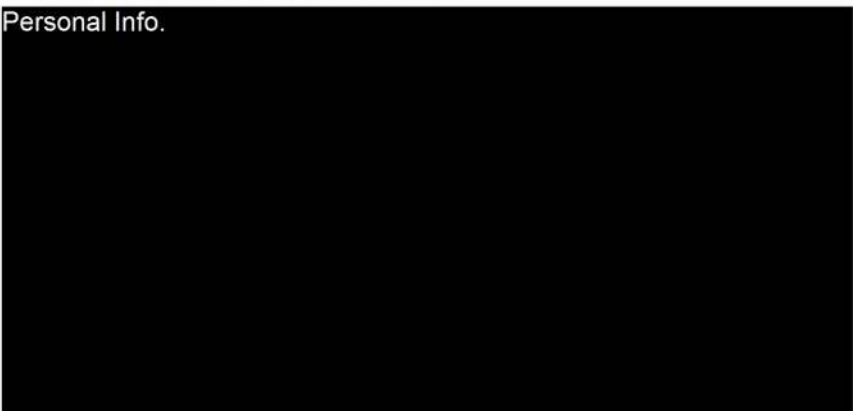

2022-02-16 0802hrs: DCAS Intel Request to see if anyone recognizes **Personal** [REDACTED] in the photos. They are said to be ‘participants’ of the convoy, they resist the word ‘organizers’. They may be hanging out with **Personal Info.** [REDACTED].

2022-02-16 0827hrs: ROBAK responded to the email indicating they talked to Pers yesterday. Pers drives a blue dump truck with a sign that reads " Trudeau for Prison" on the side

2022-02-16 0827hrs: DCAS Intel Update:

Personal Info.

- Social Media update:
 - No threatening content identified. Nothing to indicate plans have changed since the last update. Another post from Winnipeg Alternative Media indicating blockade will be ending, a page associated to MB Freedom Convoys shared the RCMP statement on the end of the blockade which elicited messages of thanks and condolences and some frustration.
 - One of the possible leaders, Personal Info. did an interview along with Pers and Perso. They were careful to never refer to themselves as leaders, but as participants. They emphasized the blockade had no leaders. The interview was publicly shared 2022-02-14 at 17:00 (Mon), and at that time they were still indicating they had no plans to leave. It is not clear when the video was recorded.
 - Personal Info. have not been identified, photos have been sent to the front line members in hopes someone has met them along the way. Intel from the front lines is that Perso drives a blue dump truck with a sign that reads " Trudeau for Prison".
 - Personal Info. continues to be a prominent name of key players.
 - Convoy from Fort McMurray to Ottawa passing through Manitoba today. We can expect to start to see them at the noon. Ottawa is asking for any evidence / eyes / intel on the convoy as it runs through. The convoy's purpose is to stop in every city along the way with a Costcos and collect donations in the form of food, BBQs, oil, utensils, medicine, toiletries, generators, heaters, and tents. The itinerary puts them at the Flying J (4100 Portage Ave) at 18:00 to 21:00 today. There has been no mention of going to stage at a Costco in Winnipeg. They may be relying on donations coming to the Flying J.
- Key Participants:
 - I have attached a sheet identifying the suspected key participants with photos in case they are needed. No hierarchy was detected through intelligence gathering.

Winkler Manitoba. High school on February 14 2022. Copied and posted.

"I was at GVC today. Students were trying to do a Protest walk through the school with flags and without masks. Everyone was being peaceful and polite. The Principal kicked the kids outside not giving them the opportunity to grab their stuff. Not even jackets. In this extreme cold the children had to stand outside in sweatshirts and some in T-Shirts. In order to be able to get their jackets they had to show defeat and put on a mask. Freezing students started to call their parents. After a mother tried to reason with the principal, got upset and started crying, police arrived. Apparently the principal felt threatened. Many kids got scared and left. The remaining were threatened that tomorrow they will be suspended. The policeman told everybody that they had to leave at a certain time or they will be charged with trespassing and get a criminal record. Since it was a peaceful protest we obeyed. This evening the principal send out a letter to all parents letting them know that there was an „escalation“ and letting it sound that the kids were causing trouble and were threatening. All lies ! I was there. Just wanted to let you know."

2022-02-16 1244hrs: D Division Media Release

Update #5 – Blockade at Emerson Border Crossing now cleared

On the morning of February 10, 2022, semi-trailers, farm implements, and passenger vehicles began blocking the Canada/US border at the Emerson port of entry.

RCMP officers from Emerson and Morris detachments and Manitoba RCMP Divisional Liaison Officers immediately attended the scene, and began to work with the demonstrators to find a peaceful resolution.

At noon today, the remaining demonstrators began to move out of the area and full access to the Emerson Port of Entry is now restored.

The Manitoba RCMP coordinated and escorted the vehicles out of this area to ensure a safe and orderly departure. This was to ensure the safety of all involved.

"Throughout the past six days, our officers continued to use open communication, and a measured approach to find a peaceful resolution to this situation. This continuous dialogue between our officers and the demonstrators enabled us to reach a resolution yesterday," said Chief Superintendent Rob Hill, Officer in Charge of Criminal Operations for the Manitoba RCMP.

The number of vehicles taking part in the blockade has fluctuated throughout the past six days. At its peak, the RCMP estimates there were approximately 75 vehicles.

Through dialogue with the demonstrators last week, emergency vehicles, including police vehicles, as well as some agriculture transports and other critical goods were allowed through the blockade.

Apart from these select vehicles, all four lanes of Highway 75 at Provincial Road 243 remained blocked.

For vehicles that weren't able to get through, RCMP officers diverted traffic to alternate border crossings in Manitoba.

"This highway is prone to closures due to weather. With blizzards in the winter and flooding in the spring, our officers are well versed in alternate paths of travel for commercial and passenger vehicles."

Officers will remain in the area today to ensure that the highway and the border to the United States remains open and accessible to all travellers.

"We would like to thank our partners, Canada Border Services Agency and s.38 as well as our provincial partners at Manitoba Transportation and Infrastructure. These agencies provided assistance to the Manitoba RCMP throughout the duration of the blockade to ensure cross country border traffic was accommodated at other ports of entry."

FOR ACTION/CONSIDERATION:

- None at this time.

PREVIOUS RECOMMENDATIONS FOR ACTION/CONSIDERATION:

- DLT Team Members require an association chart of individuals with photos
- Monitor s.37 channel “Manitoba Farmers for Freedom”
- Review new social media platforms – Truth.Social

- Continue to collect LP information at Emerson and other protest sites (e.g. Steinbach/Selkirk) to determine whether they are linked to one larger group
- Regardless if the Emerson situation appears to be coming to an end, an association chart of key individuals with photos is still required in case the issue should flare in the future
- Monitor convoys from other locations coming through Manitoba
- Monitor church organization in Aylmer Ontario
- Begin tracing the money from groups in Manitoba as Manitobans donated more the \$100,000
